

Key Features & Benefits:

- Standard On/Off Control
- Two Leads for 0-10V Dimming
- Two Leads for Future Proofing
- IP 65 Weather Resistant - Silicon Rubber Gasket

Technical Specifications:

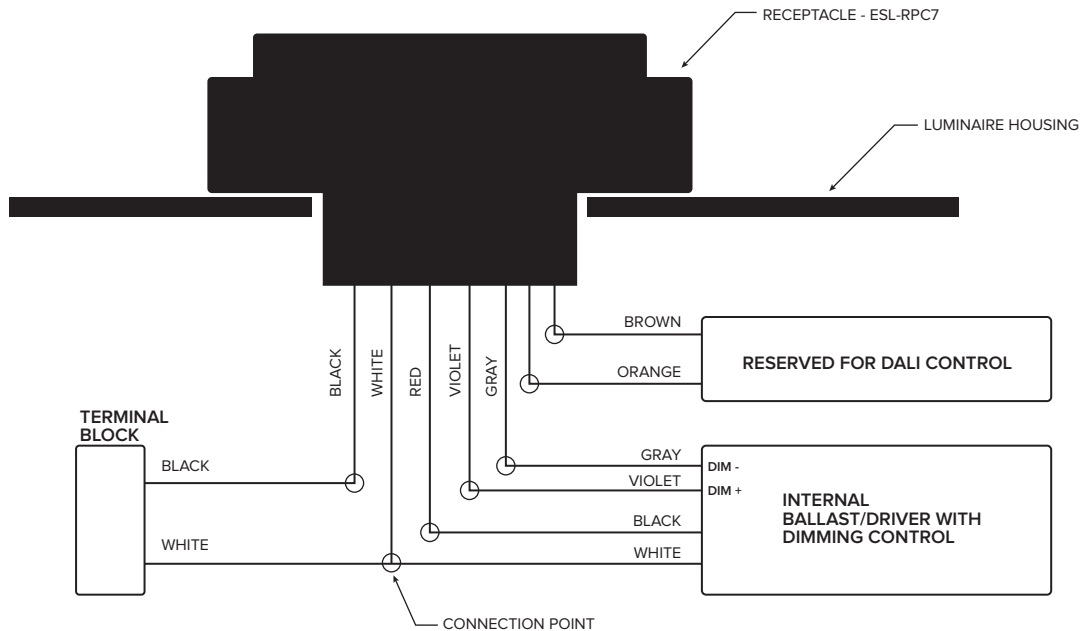

Working Voltage: 480 VAC Max
 Load Capacity: 15 Amp Max
 Rated Frequency: 50/60Hz
 Ambient Temperature: -40 ~ 158°F(-40 ~ 70°C)
 Lead Gauge: AWG#14
 Lead Length: 12"
 Dimensions (ØxH): 2.52" x 1.5"
 Weight (lbs): 0.26 lbs
 *Comes factory installed on fixture

Project: _____ Date: _____
 Catalog #: _____
 Notes: _____

| ITEM# | DESCRIPTION |
|----------|---|
| ESL-RPC7 | 7-Pin receptacles also offer on/off control, dimming via dusk to dawn, network control integration, and adds an extra set of pins to "future proof" your Area Light purchase. |
