

LED SELECTABLE CL SERIES

THIS IS NOT YOUR AVERAGE CORN LIGHT!

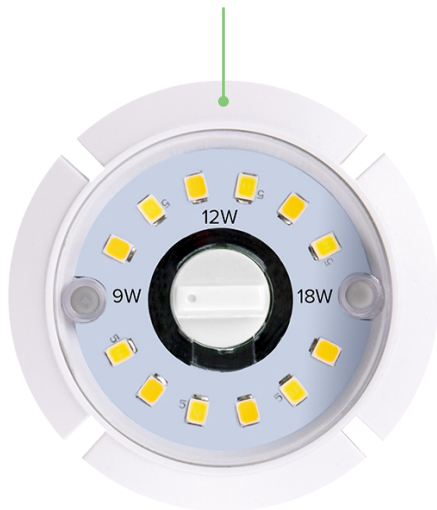

The Corn Light has evolved! ESL Vision's CL Series of lamps not only maintains its small and versatile form factor; it is now Kelvin Selectable as well. Choose from 3000K, 4000K or 5000K with a simple slide switch. The removable mogul base makes it a breeze to go from an E39 to E26.

- ✓ **BETTER PRICE**
Save an average of 23% per lamp over the competition!
- ✓ **BETTER OPTIONS**
Three kelvin options in a single lamp!
- ✓ **BETTER SOLUTION**
The best form factor with selectable kelvin!

Best Form Factor and Versatility

KELVIN & WATTAGE SELECTABLE

ESL Vision's newest additions to the CL series come in two sizes and are both wattage and kelvin selectable.

9W-12W-18W
12W-18W-27W

Averaging a 23% lower cost and 7% smaller form factor than the nearest competitor's equivalent, ESL Vision's Corn Light is the most versatile lamp for virtually any HID replacement.

Ours — The Competition

36W, 46W, 55W, 80W, 120W

OPTIONAL SENSORS

The 3DHO is a daylight harvesting/occupancy sensor that can be added to the larger wattage CL lamps by simply plugging it in.

9W-12W-18W	12W-18W-27W	36 Watt	46 Watt	55 Watt	80 Watt	120 Watt
2.36"Ø x 6.73"	2.36"Ø x 7.32"	3.35"Ø x 7.95"	3.35"Ø x 9.13"	3.35"Ø x 9.13"	5.11"Ø x 9.88"	5.11"Ø x 11.26"

Reduce Stock AND Increase Inventory

ESL Vision's latest KELVIN SELECTABLE CL Series reduces your stocking requirements without sacrificing inventory availability by combining multiple lamp functions into ONE! Wattages under 55W offer both E26 and E39 bases, effectively doubling your inventory again. There is no better value!
