

LED Wall Pack - 70W

Project: _____ Date: _____
 Catalog #: _____
 Notes: _____

The **ESL Vision Wall Pack series** features classic design with immense energy saving benefits. Rugged die-cast aluminum housing coupled with thermally optimized long-life LEDs protected by a wet location rating ensures a life expectancy of over 15 years. Switching your businesses' outdoor lighting to ESL Vision's Wall Packs will not only cut your energy expenses by up to 75%, it'll also save you on those costly facility maintenance visits.

Key Features & Benefits

- Rugged die-cast aluminum housing:
 - Dark bronze polyester powder coat finish
- Optical grade polycarbonate lens:
 - UV stabilized
 - Molded prismatic for optimal uniformity
 - Impact resistant
- Continuous gasket for weather-tight seal
- LEDs mounted to and protected by aluminum housing with easy driver access hinged door
- Environmentally friendly:
 - No mercury
 - No hazardous substances
 - Super low energy consumption
- Suitable for wet locations
- (3) 3/4" Threaded knockouts
 - (1) On bottom
 - (1) On either side
- 10 Year limited warranty
- Mounting options:
 - Direct to electrical box
 - Flush wall mount
- Comes standard with full cutoff IESNA compliant reflector

Technical Data

Driver Specifications

Input Power: 70 Watts

Input Voltage: 120-277 VAC

Input Current @ 120V: 0.583 Amps

Input Current @ 277V: 0.253 Amps

Total Harmonic Distortion (THD):

THD @ 120V: 5%

THD @ 277V: 14%

Light Specifications

Lumen Output: Up to 6,000 Lumens

Efficacy (lm/W): Up to 86 Lumens

Correlated Color Temperature (CCT): 4000K, 5000K

Color Rendering Index (CRI): >80

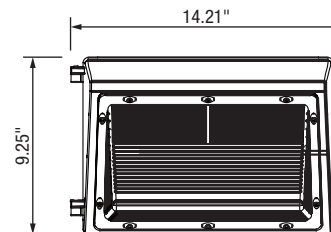

Beam Angle: 83-110°

Lens Type: Polycarbonate

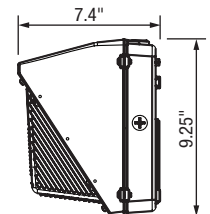

Photocell Compatible: YES

L70 Lifetime: >50,000 Hours
